

SEP SUSTAINABILITY TIPS

1

PACKAGING

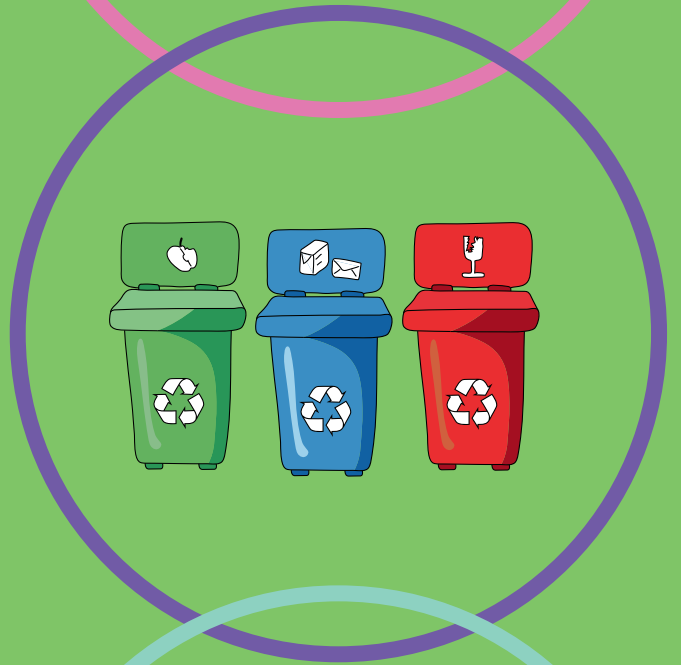

- Avoid single-use packaging
- Create packaging from clean, used materials
- Use pre-loved materials (like textiles) to make creative packaging for your product

2

WASTE

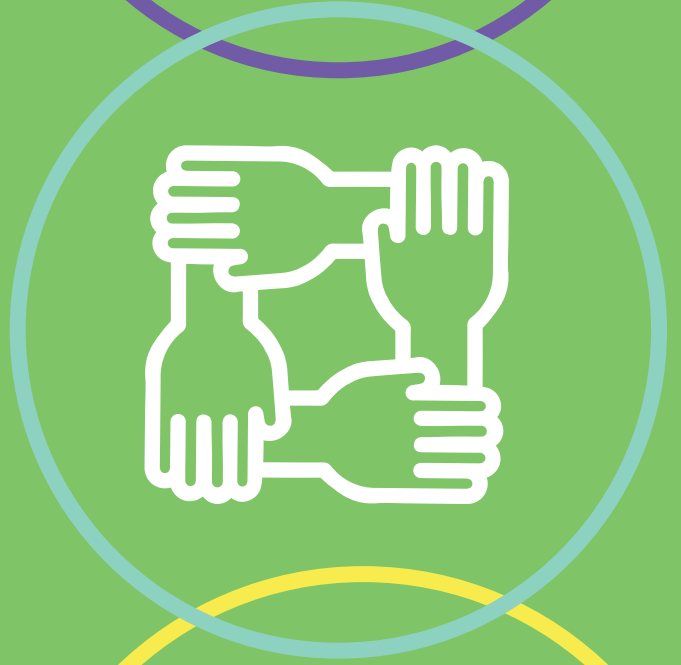

- Recycle or repurpose waste materials from your business
- Segregate your waste using the three bin system/recycle batteries

3

COLLABORATE

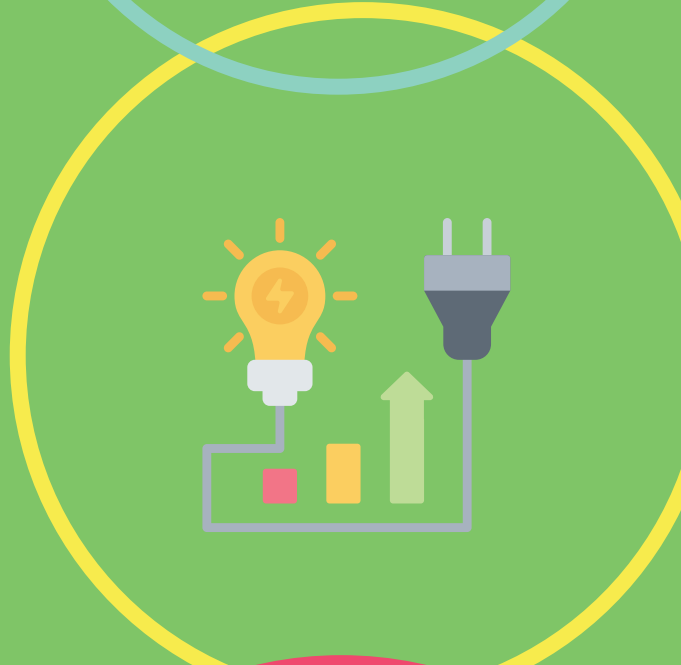

- Can you use waste material from another student enterprise?
- Can another student enterprise use your waste material?

4

CONSUMPTION

- Use reusable water bottles and coffee cups
- Use public transport or car pool to meetings/events
- Have online team meetings

5

MYWASTE.IE
